MATHS · YEAR 4 · FRACTIONS

Identifying Fractions of Shapes

Name _____ **Date** _____

Shade equal parts to show each fraction, then look carefully at shaded shapes and write the fraction you see.

A Shade the shapes

Shade the correct number of equal parts in each shape.

1 Rectangle

Shade 1/2 of the rectangle.

2 Square

Shade 3/4 of the square.

3 Circle

Shade 2/3 of the circle.

4 Rectangle

Shade 4/5 of the rectangle.

B Identify the shaded fraction

Count the equal parts. Write the fraction that is shaded.

1 Circle

What fraction is shaded?

Fraction: _____

2 Rectangle

What fraction is shaded?

Fraction: _____

3 Square

What fraction is shaded?

Fraction: _____

Your turn

Draw a shape split into 5 equal parts. Shade 2/5.
