MATHS · YEAR 2

Repeated Addition to Multiplication

Turn each repeated addition into a multiplication sentence.

Name _____ **Date** _____

Read each repeated addition and complete the multiplication sentence. Write **number of equal groups × number in each group = total**.

1 Write the multiplication sentence

1 **2 + 2 + 2**
Multiplication: ____ × ____ = ____

2 **5 + 5 + 5 + 5**
Multiplication: ____ × ____ = ____

3 **10 + 10 + 10**
Multiplication: ____ × ____ = ____

4 **3 + 3 + 3 + 3**
Multiplication: ____ × ____ = ____

5 **4 + 4 + 4**
Multiplication: ____ × ____ = ____

6 **2 + 2 + 2 + 2 + 2**
Multiplication: ____ × ____ = ____

7 **5 + 5 + 5 + 5 + 5**
Multiplication: ____ × ____ = ____

8 **10 + 10**
Multiplication: ____ × ____ = ____

2 Have a go at these

9 **3 + 3 + 3 + 3 + 3 + 3**
Multiplication: ____ × ____ = ____

10 **5 + 5 + 5 + 5 + 5 + 5**
Multiplication: ____ × ____ = ____

11 **4 + 4 + 4 + 4 + 4**
Multiplication: ____ × ____ = ____

12 **10 + 10 + 10 + 10 + 10**
Multiplication: ____ × ____ = ____

Quick check: Does your first number show how many equal groups there are?
