MATHS • YEAR 4

Multiplying Two-Digit by One-Digit Numbers

Practise using expanded multiplication and the column method. Show your working.

Name _____ **Date** _____

A Expanded multiplication

Work out each partial product, then add.

1 **26 × 3**

(20 × 3) + (6 × 3)

_____ + _____ = _____

2 **45 × 2**

(40 × 2) + (5 × 2)

_____ + _____ = _____

3 **37 × 4**

(30 × 4) + (7 × 4)

_____ + _____ = _____

4 **58 × 3**

(50 × 3) + (8 × 3)

_____ + _____ = _____

B Column method

Set out each calculation in the grid and solve.

5 **23 × 4**

6 **41 × 3**

7 **52 × 2**

8 **36 × 3**

9 **27 × 4**

10 **48 × 2**

11 **65 × 5**

12 **79 × 3**

☐ I have checked each calculation.
