Read the passage. Find the words that answer each question, then copy them onto the line.

The School Garden

On Saturday morning, Mia went to help in the school garden.
She carried a small trowel and a blue watering can.
First, she planted three bright yellow flowers beside the beans.
A robin hopped onto the wooden fence and watched her.
When Mia poured water on the plants, the robin sang a cheerful little song.
Mia put the tools away and smiled.
“The garden looks lovely now!” she said.

Find it and copy it

1. What colour was the watering can? Copy the word.

_____
