Missing Number Subtraction Problems

Find the missing number in each subtraction calculation.

Name: _____ **Date:** _____

Fill in each outlined box with the missing number. Use the working lines to help you.

Find the missing minuend

The number at the start of a subtraction

1 ☐ − 2,485 = 6,317

2 ☐ − 18,750 = 24,600

3 ☐ − 7,906 = 12,094

4 ☐ − 36,408 = 50,000

Find the missing subtrahend

The number being taken away

5 8,624 − ☐ = 3,217

6 50,000 − ☐ = 27,485

7 32,106 − ☐ = 19,876

8 71,250 − ☐ = 40,005

Find the missing difference

The answer to a subtraction

9 48,702 − 16,385 = ☐

10 90,000 − 47,286 = ☐

11 63,514 − 28,706 = ☐

12 75,030 − 19,875 = ☐

Decimal challenge

Remember to line up the decimal points

13 ☐ − 12.75 = 8.50

14 24.30 − ☐ = 9.65

15 17.00 − 8.46 = ☐

16 6.40 − ☐ = 2.85

Check your subtraction using addition.
