GEOMETRY · YEAR 3

Drawing Lines of Symmetry

Name: _____ Date: _____

A vertical line goes straight up and down. Look carefully at each shape and picture to see if its two sides match.

1 Check the shapes

Circle **Yes** or **No**. If the shape has a vertical line of symmetry, draw it on the shape.

1 Square

Circle one: **Yes** / **No**

2 Circle

Circle one: **Yes** / **No**

3 Triangle

Circle one: **Yes** / **No**

4 Rectangle

Circle one: **Yes** / **No**

5 Triangle

Circle one: **Yes** / **No**

6 Parallelogram

Circle one: **Yes** / **No**

2 Check the pictures

Circle **Yes** or **No**. Draw a vertical line of symmetry on each picture that has one.

1 Butterfly

Circle one: **Yes** / **No**

2 House

Circle one: **Yes** / **No**

3 Tree

Circle one: **Yes** / **No**

CHALLENGE

Draw your own shape that has a vertical line of symmetry. Add the line.

Check your work: if you folded along the line, would both sides match?
