MATHS · YEAR 3

Recognising Fractions of Shapes

Look carefully at how each shape is split into equal parts.

Name _____ **Date** _____

1 Shade each shape

Shade the fraction shown. The parts in each shape are equal.

1 **Shade** $\frac{1}{2}$

2 **Shade** $\frac{1}{3}$

3 **Shade** $\frac{1}{4}$

4 **Shade** $\frac{3}{4}$

5 **Shade** $\frac{1}{2}$

6 **Shade** $\frac{2}{3}$

2 Write the fraction that is shaded

Count the equal parts in each shape.

A Look at the shaded part

Fraction shaded: _____

B Look at the shaded part

Fraction shaded: _____

C Look at the shaded part

Fraction shaded: _____

3 Draw and shade

Draw a shape divided into 4 equal parts. Shade $\frac{3}{4}$ of it.

Check: Are the parts in your shape equal?
