YEAR 2 · MATHS

Two-Digit Subtraction Without Regrouping

Subtract two-digit numbers without exchanging.

Name: _____ **Date:** _____

A Work out the subtractions

Subtract the ones first, then subtract the tens. No exchanging is needed.

1 WORK IT OUT

$$\begin{array}{r} 67 \\ -\ 24 \\ \hline \\ \end{array}$$

2 WORK IT OUT

$$\begin{array}{r} 85 \\ -\ 32 \\ \hline \\ \end{array}$$

3 WORK IT OUT

$$\begin{array}{r} 49 \\ -\ 16 \\ \hline \\ \end{array}$$

4 WORK IT OUT

$$\begin{array}{r} 76 \\ -\ 53 \\ \hline \\ \end{array}$$

5 WORK IT OUT

$$\begin{array}{r} 98 \\ -\ 47 \\ \hline \\ \end{array}$$

6 WORK IT OUT

$$\begin{array}{r} 55 \\ -\ 21 \\ \hline \\ \end{array}$$

B Find the missing number

Write a two-digit number in each box.

58 − ☐ = 34

76 − ☐ = 52

☐ − 23 = 45

☐ − 31 = 47

C Solve the stories

Write a number sentence and an answer.

There are 68 books on a trolley. 24 books are put on the shelves. How many books are left on the trolley?

Number sentence: _____ **Answer:** _____ **books**

A gardener has 75 bulbs. She plants 32 bulbs. How many bulbs are left to plant?

Number sentence: _____ **Answer:** _____ **bulbs**

Check your ones and tens before you finish.
